Bluetooth Pairing

1 Pairing Mode

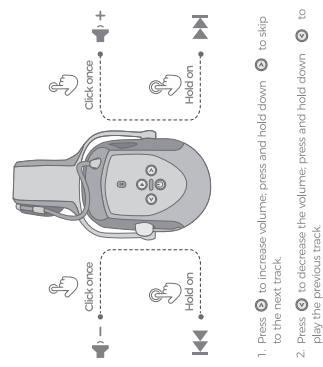

The headset LED flashes red and blue alternately, which means that it enters pairing mode. Activate Bluetooth on your phone and set it to search for new devices. Select 'ToolShield BT Earmuffs' in your BT device list. Pairing is successful when you hear the voice prompt: 'connected'.

2 Disconnect Bluetooth Connection

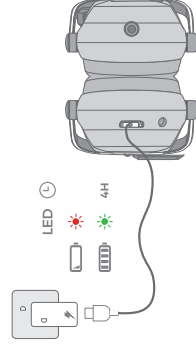

Disconnect Bluetooth Connection: Press and hold for 3 seconds when the headset is on or press and hold for 6 seconds when the headset is off to disconnect your device and enter pairing mode again.

Volume Button/Previous Track/Next Track

1. Press to increase volume; press and hold down to skip to the next track.
2. Press to decrease the volume; press and hold down to play the previous track.

Charging

FCC Statement

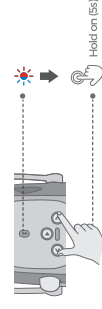

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
